

# Installing Sphero Edu

1. Open the Microsoft Store (or preferred app store)
2. Click the Search bar.
3. Type “Sphero Edu” in the search bar and press enter (without the “ “)
4. Click on the app that says Sphero Edu. It should look like the picture below.

5. Click the “Get” or “Download” button that appears.
6. Wait for the app to download completely and the app should open automatically.
  - If the app does not open automatically check to see if a short-cut was created on your desktop and double click it or search for “Sphero Edu” in the taskbar (search bar) of your computer.
  - If it still does not appear then the app might not have completely installed. You can check this by opening your downloads folder on your computer.
7. Once the app is opened a Welcome Message should appear. It will ask you to agree to the Terms of Use and Privacy Policy and Edu Privacy Policy. You must check both of these boxes in order to use the app.
